

ACTION ON WEBB BILL DROPPED 'TILL TODAY

At the Request of Democrats A Postponement of One Day Was Granted

WILL ABIDE BY RESULTS

In Return for Delay the Minority Will Abide by Result of Final Roll Call Today

DEMOCRATS SUPPORT WILSON

SACRAMENTO, CAL., MAY 1.—An indication of the firm Democratic opposition will take to the passage of the Webb re-draft of the anti-alien land bill was given in the senate to day when the measure came up for final action.

It was the original plan of the Progressive Republican majority in its assurance of a successful issue to force the bill to a vote at once, but at the request of Democrats a postponement of one day was granted at the last minute, the matter set as special order for 11 o'clock tomorrow morning.

In return for the delay the administration leaders received a pledge from the minority that it would abide by the results as shown in the final roll call tomorrow and not demand a re-consideration. Thus the progressives feel that although apparently they lost a day in reality they saved several by checking further efforts to impede their plans.

Support Administration.

The brief debate to day on the motion to postpone disclosed the fact that the Democrats have hardened to the advice from Washington as declared by Secretary of State Bryan and will make a formal stand in support of the national administration. In order to meet the issue squarely Senator Curtin, Democrat introduced a resolution setting forth the fact that President Wilson is opposed to an alien land bill and including the following declaration: "The people of the state of California do hereby defer to the wishes of the president of the United States and this legislature will not at this session pass the bills herein mentioned."

It is believed generally that to the extent of supporting Curtin's resolution the Democrats will defer to Secretary Bryan.

Beyond that, however, their party platform in California calls upon them to aid in the enactment of an anti-alien land law, and most of them are expected to cast their votes for the Webb bill in its present form if it succeeds in escaping amendment.

No apprehension was aroused by the warning against the Webb bill telegraphed to Governor Johnson by President Wilson. It is the belief both of Governor Johnson and Attorney General Webb that regardless of how the act was worded it probably would involve an appeal to the courts, as suggested by President Wilson.

Secretary Bryan has been in his temporary office at the capitol building all day, with the exception of the time spent in his inspection trip through a nearby Japanese colony, has declined to discuss the question raised by the president. There is much interest in the further movements of the secretary of state who has given out no word as to his immediate plans, other than to say that he expects to remain in President's Telegram to Johnson.

The telegram from President Wilson received to day by Governor Johnson said:

"I take the liberty of calling your attention to the Webb bill which would involve an appeal to the courts on question of treaty rights and bring on what might be long and delicate litigation."

Governor Johnson replied:

"I thank you very much for your suggestion. The fault may be due to the fact that we have endeavored to press affirmatively upon the face of our bill, the existing treaty. I have referred the matter at once to our attorney general and I would be extremely grateful for any suggestions that would avoid the objection you mention."

Defeat Amendments.

Many more minority amendments to change the rates on farm products went to defeat at the night session. The Democratic majority solidly sustained the ten cents a bushels rate on wheat and rejected all proposals to fix the same rate on flour, which the pending bill puts on the free list.

The house accepted several minor amendments proposed by the Democratic leaders. Among these were one to add puddings to the item in which biscuits and other baked articles containing chocolate, nuts or fruits, and confectionary of any kind would be assessed 25 per cent and another added lentils to the item in which beans, specially provided, for would be assessed 25 cents a bushels.

Introduce New Land Bill.

Sacramento, May 1.—Another anti-alien land bill, copied directly from the Webb act now before the senate

ROBBER HOLDS UP KANSAS CITY TRAIN

ROBS PASSENGERS OF S. P. TRAIN
EARLY THIS (FRIDAY) MORNING

Joplin Man Exchanges Shots With Robber and is Seriously Wounded as Result—Wounded Hold Up Man Left Trail of Blood Which May Lead to His Capture.

KANSAS CITY, MO., MAY 2.—A lone robber who boarded Kansas City Southern Passenger train No. 5 at the depot here, lined up and robbed the passengers soon after the train left here, early this morning, securing about \$1,500 in money and jewelry.

Jesse E. Short of Joplin, Mo., a passenger and the robber engaged in a pistol battle in which both were shot. Short was dangerously wounded. When Short was commanded to throw up his hands he drew a pistol and began firing at the robber. The man returned fire and Short fell severely wounded. The robber also was hit by a bullet and fearing the resistance by the passengers was to become general, jumped from the train and ran. The wounded bandit left a trail of blood behind him which was expected to lead to his capture.

The train left here at midnight for Joplin and the south. The man attracted special attention as he took a seat in the chair car. After the train had proceeded about three miles through the East Bottoms district of this city the passengers in the chair car were startled by a sharp command: "Throw your hands."

All obeyed at once and at the command of the robber they lined up in the aisle, while the bandit kept them cowered with two big pistols and collected their money and valuables.

After robbing the passengers in the chair car, the robber ordered the train porter to lead him through the train. Entering the observation car, the bandit robbed W. J. Sorensen of Neck City, Mo., of \$75 in money and a diamond ring. The bandit then went through the pockets of F. A. Seaman of Eureka Springs, Ark., and secured money and jewelry amounting to a hundred dollars. Preceded by the porter, the robber next entered the Pullman car and robbed several passengers who were aroused from their sleep.

Reaching the berth occupied by Short, the robber awakened him by a rough command to "give me your money and jewelry." Short, who is a millionaire mine owner of Jasper, county, gave up a thousand dollars in money, a gold watch and two diamonds.

As the robber was passing to the next berth, Short pulled his automatic pistol from under his pillow and fired at the robber through the curtains. The robber turned and emptied his pistol also shooting blindly through the curtain of the berth. One bullet penetrated Short's head.

At least two of the shots fired by Short took effect in the robbers' body and he ran to the vestibule. The train had just been brought to a stop. He left a great pool of blood on the car platform and officers and trainmen believe his body will be found in the railroad yards near the scene of the holdup. A score of police are scouring the neighborhood in search of him.

Short was rushed to an hospital where physicians said he was injured fatally.

Passengers who were robbed said the bandit was about 25 years old and heavier than six feet tall. He did not wear a mask.

After being detained for more than an hour the train proceeded on its journey.

OFFER REWARD OF \$350.

Topeka, Kan., May 1.—Rewards aggregating \$350 were offered today for the arrest and conviction of an unknown person who last night cut out the tongue of Edgerton, Kan. Samuel Bates at Edgerton, Kan. Governor Hodges on behalf of the state offered a reward of \$50. This is said to be the first time a Kansas governor has ever offered a reward on account of cruelty to a dumb animal.

Bates offered a reward of \$200 and local organizations at Edgerton offered \$100 for the arrest of the offender.

but with a clause added permitting aliens ineligible to citizenship to lease farming lands for a period of not exceeding three years, was introduced tonight in the assembly. Its author, Assemblyman Bloodgood (Prog.), said he had obtained a statement from Governor Johnson that he had no objections to the new plan.

The chief purposes served by introducing the bill, Assemblyman Bloodgood said, was to get the Webb act before the assembly so that no time would be lost when the senate bill is passed and sent across to the lower house, which will then have both the original Webb draft and the new draft with the exemption pertaining to leases from which to choose.

The plan to exempt leases from the strict provisions of the original Webb act is not viewed with favor by all of the majority party in either house. Governor Johnson said tonight:

"I told Mr. Bloodgood I had no objections to any amendment that softens the bill, so long as it does not affect the big thing involved, namely, the prevention of ownership by those who are ineligible to citizenship."

PAID ATTENTION TO OTHER WOMEN ON SCRIPTURAL GROUNDS

Claim Made By H. C. Tunison When Sued For Divorce in Lake County Court.

Chicago, Ill., May 1.—(Special) —Henry C. Tunison, a wealthy map publisher of Chicago paid attention to other women and claimed his right to do so on scriptural grounds at least that is what his wife said about him in divorce suit hearing.

Mrs. Cathern R. Tunison, the wife did not repeat the Biblical quotations that she said her husband city but she asked for a divorce in a Lake county court and Judge Whitney at Waukegan has entered decree. The Tunisons have resided in Lake Bluff for many years and the husband has been active church worker, known for his great knowledge of the Bible.

There was much of the sensational in the testimony offered at the trial by Mrs. Tunison. Her friends and detective, on one occasion trailed the publisher to a Chicago hotel and found him there with a woman. Statutory grounds formed the basis of the suit, according to Mrs. Tunison's story. The divorce might never have been asked if she only could have condoned her husband's friendships for other women. She said she told her that he would and she believed him. The fact that he showed attentions to other women, as long as she did not object to his conduct, she objected.

The Tunisons were married about thirty-six years ago and have had seven children. Before coming to Chicago they resided in Jacksonville, Ill., where Mr. Tunison was superintendent of the Centenary Sunday school. He is reported to be worth more than \$150,000.

Much of the husband's property and a cash settlement as well will go to the wife before negotiations of the lawyers are completed according to report. Judge Whitney provided for a property and cash settlement.

SURVIVING OFFICERS OF BATTLE OF MANILA BAY CELEBRATE

Twenty One Officers Who Served Under Dewey Meet to Celebrate Fiftieth Anniversary of Naval Engagement.

Washington, May 1.—Twenty one of the surviving officers who fought under Admiral George Dewey in the Battle of Manila Bay, celebrated the fiftieth anniversary of the famous naval engagement here tonight.

The annual reunion of the society of Manila Bay. The officers, including Rear-Admiral Asa Walker who commanded the Cruiser Concord, and the only survivor of Dewey's fleet of captains, gathered around the banquet table to do honor to Admiral Dewey president of the society. Personal reminiscences of the battle were given by the diners. A feature was the reading by Admiral Dewey of a poem from Edward C. Curran of Philadelphia entitled "Let We Forget" written in celebration of the anniversary of the battle the last stanza of which dealt especially with the fact that there was not a single casualty on the American warships while hundreds of the enemy were killed and wounded.

O'HARA ADDRESSES ROCKFORD MASS MEETING

Rockford, Ill., May 1.—The Illinois senate welfare commission will continue its investigations until a minimum wage law is passed, according to a statement here tonight by Lieutenant Governor Barratt O'Hara in an address to a mass meeting.

"The scale will be so high that all women who work can live decently without being the prey of designing men," the lieutenant governor said.

The speaker declared conditions in Rockford are excellent. He continued his attack on the Chicago department stores for what he termed their insufficient wages, and declared that the profits of one store there annually were \$17,000,000. "This vast sum is wrong from the little women of Illinois," he said.

FAIL IN EFFORTS TO CHANGE TARIFF BILL

Democrats Are Deaf to Pleas of the Opposition to Amend Bill

RAP SUGAR INDUSTRY

Free Sugar Advocates Describe America's Sugar Industry as of "Hot House" Variety

WILL NOT DELAY MUCH LONGER

WASHINGTON, MAY 1.—All efforts of the opposition to disturb the market basket reductions in the Democratic tariff bill failed in the house today, despite the fact that Republican orators sounded warnings of ruined industries, enforced idleness and empty cupboards to follow the enactment of the Underwood bill. Still championing the bill as the greatest that ever has been written for the benefit of the people of the country, the Democrats were deaf to the pleas of representatives of the beet and cane sugar constituencies against free sugar in three years; unmoved by the charge that they legislated into the hands of the beet trust by placing duties on live stock while free listing their products; determined to rush the passage of the bill at the earliest possible moment.

Against Sugar Schedule.

The first break from the solid front of the majority came, however, when Louisiana Democrat, led by Representative Broussard, appealed to Republican Leader Mann for a share of time in which to speak against the sugar schedule, and when Representative Kinkead a New Jersey Democrat uttered a prediction that the senate would strike out the ways and means committee's ten per cent rates on live stock.

When Representative Sloan of Nebraska introduced an amendment to increase the rate on cattle from ten to fifteen per cent after a 25 per cent amendment by Representative Fordney of Michigan had been rejected, Mr. Kinkead declared that he believed the ways and means committee had kept the platform pledge to the people when they had reduced live stock rates to ten per cent, but he felt that the committee should have placed livestock on the free list along with meats.

"I believe and hope," said Mr. Kinkead, "that when it comes back to us from the senate the duty will be cut off and that every Democrat on this floor will support it."

Will Benefit Sugar Trust.

This aroused prolonged applause from the Republicans who earlier were stirred to enthusiastic cheers when Mr. Broussard declared that the sugar rates proposed by his party would rebound only to the benefit of the sugar trust.

The test vote on sugar came on an amendment offered by Minority Leader Mann to strike out the provision placing sugar on the free list in three years. It was lost 88 to 186.

Representative Hardwick of Georgia defended the rates for the sugar industry as of the "hot house" variety, unable to stand on its own feet and exacting excessive taxes from the people who support it.

Underwood Closes Debate.

Representative Mann opposed the rates and Representative Underwood closed the debate. "No man is so ignorant that he does not know," Mr. Mann said, "that the price of sugar in this country today would be a hundred to two hundred per cent higher than it is, were it not for the beet sugar supply produced in this country, and yet you propose to strike down this industry in the United States."

"Make the most of your opportunity," the country is ready to say your tariff legislation is a failure and the first opportunity the people have will be the last opportunity you will have."

Representative Underwood analyzed the sugar rates in the proposed bill describing the Louisiana cane industry as one that could not survive and asserted that the rates in the bill would not affect the beet sugar industry.

"Beet sugar in this country can be produced on an equality with European rivals with no possibility of competition within a reasonable zone," he said into "What the western beet sugar people seek is to tax the American people in order to bring their beet sugar to the Atlantic seaboard and drive out all competition. It is simply a question of freight rates."

Japanese Question Mentioned.

The Japanese question was touched upon during the debate on the wood schedule, several members predicting that the reductions on shingles and other wood products would turn the lumber camps of the west into "Oriental labor camps."

Representative Falconer Progressive of Washington allied to the Democrats as "Hindu-Chinese Japanese lovers" and told them "your Democratic secretary of state is coming back from California to tell your Democratic president some

FIGHT REPORT OF ELECTION COMMITTEE

TWO REPUBLICANS ARE SEATED IN
HOUSE AFTER BITTER FIGHT

Governor Dunne Suggests Plan For Disposition of Old Illinois-Michigan Canal—Other Springfield News.

SPRINGFIELD, ILL., MAY 1.—Initiative and referendum lost two votes in the house today when the search which have been held by Henry M. Ashton, Democrat and H. W. Harris, Socialist, were given to Robert R. Jackson and Edwin T. Farrar, Republicans. A bitter fight was waged on the floor of the house before the report of the election committee finally was adopted. Representative Jackson is the only colored member of the present legislature. At the end of a two hours' debate today the house postponed further action in amendment to the Juul law until next Tuesday morning when it was made a special order immediately after the initiative and referendum hearing.

In the senate twenty bills were introduced and referred to committees and twenty were advanced to third reading.

By joint resolution the two houses decided that adjournment tomorrow be taken until next Tuesday.

Governor Dunne today told newspapermen that he had a plan for the disposition of the old Illinois-Michigan canal. He suggested that the thirty-seven miles of canal from Lockport to Chicago be drained and deepened to be used as a subway, the top to be converted into a boulevard. The governor thought this plan would offer a solution of the problem confronting interurban lines of how to get an entrance into Chicago.

BUILDING INDUSTRIES IN CAPITAL ARE TIED UP BY STRIKE

Three Bodies of Organized Labor go on Strike Following Expiration of Contracts.

Springfield, Ill., May 1.—Building industries were tied up today when three bodies of organized labor went on strike, following the expiration of contracts on May 1. Nearly 500 men have laid down their tools. Members of the Amalgamated Sheet Metal Workers' Alliance of America, the Carpenters, and members of the International Brotherhood of Electrical Workers, are all demanding a five-cent increase.

Saturday afternoon off is also asked in one of the clauses of the new contract.

JOE BARBER MEETS DEATH.

Joliet, Ill., May 1.—Michael Kane, a barber, last night displayed in a saloon \$5,000 which he had inherited from his father's estate. Today his body, with the skull crushed as by a stone, was taken from the Desplaines river. Clues unearthed by the police indicate that Kane struggled furiously with two men who assaulted him near the river bank until one of them dashed out his brains with a stone.

ALLEGED EMBEZZLER JAILED.

Los Angeles, Calif., May 1.—Accused of having embezzled more than \$60,000 during a period covering six years, W. J. Ranney, chief clerk in the office of the auditor of the Santa Fe railroad here, was arrested tonight and lodged in the county jail in default of \$25,000 bail.

facts about Oriental labor that he does not know."

All Amendments Rejected.

The agricultural schedule precipitated long discussion though Mr. Underwood held it down with frequent motions to cut off debate on successive paragraphs.

Amendments were offered to increase the rates on cattle, sheep, pigs; on wheat, oats and other grains, and nearly every other item in the bill, but all were rejected. On this schedule the session again went far into the night, though the opposition gave evidence of having largely spent its force.

Tonight there were indications that Republican leaders would undertake to delay the passage of the bill much longer. Representative Moore of Pennsylvania, who has been active in offering minority amendments voiced this view. He said the Republicans would not attempt to filibuster and that they had been "hammering away at the Underwood bill for four days without making a single dent in it."

The fact that many who claim their business is affected are asking the Republicans to hasten matters in order that they may readjust their affairs, is said to be partly responsible for the minority attitude.

Rainey Defends Committee.

Representative Rainey of Illinois, member of the ways and means committee in charge of the agriculture schedule, defended the committee's attitude.

"Talk about this great republic cringing before Canada and before this tremendous influx of wheat from Canada," he said. "Why we raise in Illinois twenty-five bushels of wheat every year for every single bushel of wheat that comes into the United States from Canada."

He citing statistics in support of the committee's attitude. When the house adjourned, after 11 o'clock, the agriculture schedule was far from completed. Lemons and other important items remained to be disposed of. The reading will be resumed tomorrow.

WILSON FIGHTS FOR HOME STATE REFORMS

BIG CROWDS CHEER PRESIDENT
AS HE SPEAKS

National Executive Denounces "Old Gang" of New Jersey and Urges People to Push Reforms Which He Has Been Advocating.

NEWARK, N. J., MAY 1.—President Wilson tonight, in speeches here and at Elizabeth, made good his promise to return to his home state to fight for the reforms which were pledged to the people while he was governor, but which failed of accomplishment since his departure for Washington. The president was greeted with cheers and enthusiasm as he faced the big crowds.

"I want to say a few words about the Democratic party," the president said in his speech here. "I want everybody to realize that I have not been taken in by the results of the last national election. The country did not go Democratic in November. It was impossible to go Republican because it could not tell which kind of Republican to go. The only hopeful and united instrument through which it could accomplish its purpose was the Democratic party. There were certain things which we want done, the country said, not certain persons elevated. There were certain things we want demonstrated such as that the government of the United States cannot be controlled by private interests. Now the Democratic party is going to have a try at making these things successful and if we're not going to have another try."

The president applied his reference to the national election of the state situation indicating that if the Democratic party in the state did not redeem its pledges, including jury reform, the people might try another political party in the next election.

Mr. Wilson declared that when the Democratic party in New Jersey three years ago had come into power everybody wondered "if the old gang would run it, but it did not."

"Old Gang" Comes Back.

He said that when he was preparing to go to Washington from the governorship he was told that "the old gang would come back." "I did not believe it," he continued, "until I saw it. Once more that bulky form of the gentleman who used to personally lead the New Jersey into disgrace reappeared on the very floor of the legislature, that great system of a big snake-like great sneaking whispering system had established itself in Trenton."

The president used a quantity of adjectives to describe the "gang" and charged that the system had been so corrupt as to permit grand juries to indict at strategic moments and "they can withhold grand juries for indicting when all is quiet and you know that the mastery of certain gentlemen in this state would be impossible if the things they did were subject to the dispassionate judgment of grand juries."

The president was unsparring in his attack on the eleven assemblymen from Essex county who were opposing jury reform.

"It is a disgrace," he said, amid applause, "to the judicial system of the state and the union and I come here to protest as a representative American citizen that these things should be allowed to exist."

Was Well Protected.

President Wilson left to spend the night in New York after his two speeches in New Jersey. Extraordinary arrangements were made to give him protection while campaigning. William Flynn, chief of the United States secret service was in charge of a big squad of secret service operatives who were distributed in the crowds everywhere. The president will meet the members of the legislature at Jersey City tomorrow and make a final speech there tomorrow night.

THINK DISARMAMENT THEORY IMPRACTICAL

Two Delegates at Peace Congress Take Issue With the Speakers

C. W. FAIRBANKS SPEAKS

Addresses American Peace Congress on Subject of Panama Canal Tolls

REVIEWS HISTORY OF CANAL

ST. LOUIS, MAY 1.—The peace congress symposium on disarmament took an unexpected turn when two delegates took issue with speakers on the platform and declared their theory of disarmament impracticable.

Andrew B. Humphrey, general secretary of the American Peace and Arbitration, and Henry A. Dammun, secretary of the Army and Navy league, were the delegates who opposed what appeared to be the general sense of the meeting.

Mr. Humphrey said he represented a society standing for an armament consistent with existing conditions and sufficient to preserve peace. The soldier does not cause war, but is called to settle it, he said.

Did Not Prevent War of 1812.

Mr. Dammun declared disarmament did not prevent the war of 1812, nor in 1861 when the navy was practically dismantled. If the United States had had an adequate navy in 1861, he said, the war might have been prevented, or at least it could have been closed much earlier than it was.

The symposium was one of several section meetings held in various parts of the city. It was to have been presided over by Andrew Carnegie, but he sent word he was physically unable to endure the strain, after the strenuous of the morning session. Prof. Roland G. Usher of Washington university acted in his stead.

Philip VanNess Meyers, William D. B. Aimey, Jenkin Lloyd Jones and Prof. Ernest Richard of the New York Peace society advocated disarmament.

Fairbanks Makes Address.

The United States is under a moral obligation to admit the ships of other nations to the Panama canal on the same terms on which it admits American vessels, in the opinion of former Vice-president Charles W. Fairbanks in an address tonight before the American Peace congress.

"I do not believe," he said, "that we should put Great Britain to the trouble of resorting to an arbitral tribunal to determine a question that has no basis either in fact or in good conscience. The question is one which from every consideration of national good faith and national honor should be settled by ourselves; and if we rightly understand it, there can be no doubt that it will be settled in entire harmony with our manifest national duty."

"In the event, however, that we are unable to accept the view that we are not entitled to preferential treatment, then we owe it to ourselves, and to Great Britain and other nations, to submit the question to the determination of an impartial tribunal."

Mr. Fairbanks reviewed the history of the canal negotiations, citing that Clayton-Bulwer treaty which was abrogated by the Hay-Pauncefote treaty specifically stated that the inter-oceanic canal should be open to the subjects of the United States and of Great Britain on equal terms. He quoted the terms of the latter treaty that there shall be no "discrimination against any nation."

Mr. Fairbanks said that when the Hay-Pauncefote treaty was before the senate committee on foreign affairs, the right of the United States to discriminate in favor of her coast-wise traffic fully was considered.

"When the treaty was in the senate," he continued, "the question of reserving to the United States special privileges as to tolls upon coast-wise traffic further was considered."

Senator Bard's Amendment.

Senator Bard of California offered an amendment reserving such right of preferential treatment.

All the considerations recently proposed in justification of a discriminating policy were urged by him. His amendment was voted down by a very decisive majority. All of this is to show that the existing treaty was written, ratified and exchanged with the full knowledge on the part of our government as to its true meaning.

GIRLS' DAY AT CENTRAL CHRISTIAN CHURCH

A contest has been going on at the Central Christian Sunday school for attendance. Last Sunday was known as Church Members day. This coming Sunday will be known as Girls' Day and the girls expect to have a special program commencing at 9:30. On next Sunday the boys will have charge and will give a special program.

ANNUAL MEET TO BE HELD TODAY

FIFTEENTH ANNUAL GATHERING OF ATHLETES.

Western Illinois High School League Gathering On Illinois Campus Expected to Draw Large Crowd.—Declaration Contest This Morning.

Everything points to one of the most successful gatherings on the occasion of the 15th annual meet of the Western Illinois High School League which takes place here today. The first thing on the program is the registration of contestants at the opera house from 9 until 11 o'clock. The business session will also be held at 10:30 o'clock and several matters of importance are expected to be threshed out at this session. The contest in declaration will be held at 10 o'clock at the opera house.

The athletic events will start promptly at 1 o'clock on the Illinois college track and the officials will be from the college. Speculation is still rife as to the winner in the athletic contest. As has been previously mentioned, Beardstown, on account of their excellent showing at the Griggsville meet recently, is picked as a strong contender for the banner this year. Of course Jacksonville has a good bunch of men and a great deal depends upon the condition of the contestants today. The team which will represent White Hall arrived in the city last night and put up at the Dunlap hotel. They were Baldwin, Gibler, Campbell, Richert, Roodhouse, Morrow, Kergan, King. It is said that White Hall has a fast squad and with some of the other teams having strong individual men, the honors for the coveted prize may be more evenly divided than was at first anticipated. Winchester is entering only four men, Tallula five and Greenville five, so, that unless they have some unusually fast men, they will not get very far up the percentage column.

The officials of the meet follow: Referee—Coach W. T. Harmon. Starter—G. J. Ornar. Clerk of course—Robbins Russell.

Assistant—Karl Hill. Track judges—Dr. R. H. Tanner, John Widenham, Frank Morrison, Ernest Alford and Prof. J. G. Ames. Field judges—Prof. P. F. Whistler, Gaylen Dugger, Peter Prins, Howard Ross, Fred Bray, Carl Luke-man.

Time keepers—Durrell Hatfield, W. J. Kirby, Prof. J. H. Rayhill. Official scorer—Ray Gary. Assistant—Frank Butler. Announcers—Harry McLaughlin, Floyd Holmes.

Awarding of Prizes. Following the relay race the awarding of prizes and loving cups will be held in front of grand stand.

The college authorities have put the track in the finest condition so that only ability will be lacked to lower some of the league's previous records. Aside from the bicyclists already up there has been constructed some circus seats so that together it is expected will be large enough to accommodate the big crowd of visitors who are expected today.

School Colors. Citizens will be able to tell the school to which the students belong by observing the following high school colors:

Beardstown—Black and yellow. Ashland—Royal purple and white. Greenville—Silver and Maroon. Jacksonville—Red and white. Petersburg—Blue and white. Pittsfield—Scarlet and black. White Hall—Red and yellow. Tallula—Navy blue and orange. Virginia—Black and red. Winchester—Purple and orange.

Declaration Contest.

The contest in declaration promises to be an interesting one and will begin promptly at 10 o'clock. Opening number will be a vocal solo by Miss Louise Miller of the faculty of the Woman's college. The Conservatory of Music will also be represented on the program. It will be noted that the contestants from Petersburg and Virginia have the same selection. The judges will be Caroline E. Foulke of the Springfield high school; V. A. Ketcham of the University of Illinois; T. J. Meek of Millikin university.

The following is the program: Greenville—"The Man Who Opened Eyes."—Miss Marie Bradley. White Hall—"Frank Greer."—Regulus to the Roman Senate and His Return to Carthage." Ashland—Bertha Berger, "Keeping a Seat at a Banquet." Tallula—Mary Howard, "Patsy." Pittsfield—"The Wild Olive Wreath." Earl Hesley. Jacksonville—"The Touch in the Heart." Grace McLaughlin. Petersburg—"How the La Rue Stakes Were Lost." Lois Daniels. Beardstown—"Bobbie Shafton." Jane Kennedy. Winchester—"Traitor." Wayne Hill. Virginia—"How the La Rue Stakes Were Lost." Marie Whalen.

SIoux FALLS PRELATE 78 YEARS OLD. Sioux Falls, S. D., May 1.—Rev. Thos. O'Gorman, Roman Catholic bishop of Sioux Falls, attained his 78th birthday anniversary today. Bishop O'Gorman is a native of Boston and has long been regarded as one of the most learned prelates of the Catholic church in America. Previous to becoming bishop of Sioux Falls in 1896 he had been president of St. Thomas college in Minnesota and a member of the faculty of the Catholic university at Washington.

GROWING COWPEAS.

A Factor in Soil Improvement—Feeding Value Ranks Next to Alfalfa.

The cowpea is a plant that is not sufficiently appreciated. Its value as a soil renovator, as a green manure crop, as a catch crop, as a pasture and as a regular hay crop, gives it a place in Illinois agriculture which warrants its wide acceptance by our farmers. Its wide adoption to the soils and to the climatic conditions common to Illinois make it a crop that can be readily grown in practically every part of the state, and there is little doubt that its use is destined to a great increase, due to the constantly increasing prices of farm lands without a corresponding increase in production.

There are, however, some important reasons why the cowpea has not taken as an important place in agriculture as it deserves. Among these, are the high cost of seed and the difficulty in curing the hay. The gradual introduction of cowpea hullers that will separate the peas from the vine without cracking them will undoubtedly overcome the first of these difficulties while proper methods of handling the hay will, in a great measure, overcome the difficulty encountered in curing. The third reason is that corn has been considered a better money crop. As a matter of fact, for the man who is feeding live stock, this is not necessarily true. Statistics show that as an average of all reports returned on the valuation of the various farm crops, the cowpeas stand at the head of the list.

Use in Soil Improvement.

As a soil builder, where time is a factor, the cowpea has no equal. There is much the same benefit to the land derived from a crop of cowpeas which requires but three months to mature, as there is from a crop of clover. The effect of cowpeas upon the soil, not considered merely for the nitrogen which it adds, but the great improvement in tilth, or friableness, in the soil is well known to all who have grown them. The beneficial effect on a corn crop following a cowpea crop is exceedingly striking. For the man who has a "run-down" piece of land, therefore, or a piece of land which is naturally thin, there is no more rapid method to increase the fertility than in the growing of cowpeas, applying generous amounts of rock phosphate, and plowing both under together.

The Feeding Value.

As a feed, the unthreshed cowpea ranks next to alfalfa. It is particularly high in protein, and where properly cared for gives one of the cheapest feeds for the modern farm. This is especially true since the yield per acre is ordinarily more than clover, while the feeding value also ranks above it. With proper care, considerably greater yields can be secured from cowpeas than with clover, and where peas can be handled conveniently they will frequently be a more remunerative crop for the farmer to grow than clover. However, clover has its place, especially in the regular rotation of crops, and cowpeas should not necessarily supplant it, except in localities where clover has begun to fail; in such localities the wide use of cowpeas together with liberal applications of both limestone, and rock phosphate cannot be too strongly recommended.—H. A. McKeene, secretary, Illinois Farmers' Institute.

La Princesse and Henderson Corsets.

A showing of the authentic styles in back laced and front laced models and the correct designs for stout, average and slender figures.

HENDERSON CORSETS

These splendid Corsets have been accepted as the standard popular priced models. When we say "accepted" we mean that not only the retailer, but also the wearers have strongly placed their approval on these corsets.

The problem of making a truly stylish and serviceable corset from one to five dollars is not an easy one. There must be economy in buying and manufacturing and in volume of output. Both of these factors are accomplished and today we are able to give what is undoubtedly the greatest values in moderate priced corsets that have ever been attempted before.

The unprecedented demand for Henderson Corsets is ample testimony to the fact that they are of exceptional worth in style, value and wearing qualities.

HENDERSON Fashion Form Corsets

The style, fit, comfort and service of a corset depends largely upon its construction.

The Leading Features of Henderson's Corsets

The side stays are double; they are made of the highest grade, non-rustable, flexible, clock spring steel. The bones are double, double stripping covering bones and side stays. The clasp is practically unbreakable.

SOCIAL EVENTS.

Dr. and Mrs. Byron S. Gailey and Miss Bess Smith entertained at a dancing party Thursday evening at the new K. of C. hall on East State street, in honor of Miss Anna Brown a niece of Mrs. Gailey and Miss Smith. The hall was very prettily decorated for the occasion with spring tree blossoms, lilacs, apple and crab-apple blossoms. The guest list included about seventy-five couples and a very delightful dancing program was enjoyed. Music was furnished by Randall's orchestra and a buffet lunch was served by Vickery & Merrigan.

The Women's Missionary society of the First Baptist church held their regular monthly meeting Thursday afternoon at the home of Mrs. Alex Rabbjohn on East College avenue. In the absence of the president and vice-president, Mrs. A. B. Williamson presided. Mrs. Gard, leader of the program, was unable to be present on account of illness but the program had been prepared by her and was carried out. After the regular business session the devotional was lead by Mrs. George Hocking and the following papers were read: "Japan"—Miss Nettie Hayden. "China"—Mrs. G. P. Richardson. "Assam and Bengal"—Mrs. F. M. Springer. "Burmah"—Mrs. I. C. Coleman. "South India"—Mrs. A. B. Williamson.

Mrs. M. E. Gilbert entertained at a May day party Thursday afternoon at her home on South Diamond street in honor of Miss Eloise Smith who is to be married June 18 to Ewen Whitlock, the guest list being made up of twenty-four of Miss Smith's intimate friends. The party was a linen shower and all of the linen gifts were placed in a large basket and presented to the guest of honor. The favors were pink and white bon bon boxes and the same color scheme was also carried out in the refreshments. The afternoon was spent in sewing and a flower contest was held.

The contest for membership in Caritas lodge No. 625 has come to an end and according to a previous agreement the losing side had to furnish a banquet. The winning side was captained by Miss Josephine Haingrove. Following the opening exercises of the lodge a banquet was served at 6 o'clock, which all greatly enjoyed. This was followed by a short program.

Address—Mrs. Myrtle W. Tandy. Vocal solo—Miss Florence Crain. Piano solo—Miss Marie Pienberg. Piano and Violin duet—Anna Bradley (violin), Grace Van Houten.

Piano solo—Inez McCullough. The side who gave the banquet last night composed of Mrs. Myrtle W. Tandy, chairman; Mrs. Effie G. Bradley, Mrs. M. Van Houten, Mrs. Belle Hocking, Mrs. May Singley, Mrs. Winona Cocking and Mrs. Belle Brockman.

The Woman's College guild will hold their last meeting of the year Saturday afternoon at 3 o'clock. It is very desirous to have the officers and chairmen of the various circles meet promptly at 2:30 as some very important business is to be transacted. Miss Lillian Smith, instructor in Music at the School for the Blind will appear on the program and a well known speaker of the city has been secured for the meeting. A social hour will follow and refreshments served.

The South Side circle will meet today with Mrs. W. J. Lane. A James Whitcomb Riley program will be carried out, the poems to be read by Mrs. E. F. Leonard and the music to be given by Mrs. Julia Hall.

provisions, was that there would be no ground for friction with respect to the use of the canal and that all nations alike would be interested in preserving it against attack."

Charles E. Bealls of Chicago, director of Central West department of the American Peace society, said that were it not for the army and navy men who covet promotion and the war supplies corporations the nation soon would cease to hear of wars.

"War scares," he said, "trotted out when a military and navy appropriation bill is to be jammed through are bogies, paraded forth to terrify the immature."

Turns Three Million Buffalo Into Illinois. Quincy, Ill., May 1.—Col. S. P. Bartlett, removed as fish commissioner, turned 3,000,000 buffalo into the Illinois river at Meredosia today as a farewell service to the state. They had been propagated at Col. Bartlett's reserves near Meredosia.

NO DATES FIXED FOR REASSEMBLING OF LONDON PEACE CONFERENCE

Powers Are Urging Allies and Turkey To Send Delegates as Quickly as Possible.

London, May 1.—No date has been fixed for the re-assembling of the peace conference at London, but the powers are urging Turkey and the Balkan allies to send their delegates as quickly as possible in the belief that the conclusion of peace will assist in the settlement of the other problems.

Although the tension arising over the fate of Scutari has lessened the danger is not past. It is understood that Montenegro is willing to evacuate that town on condition that territorial compensation be allowed, but Austria heretofore has insisted on unconditional evacuation, and if she still persists in this attitude a peaceful arrangement hardly will be possible. The Austrian emperor has summoned an extra-ordinary crown council for tomorrow will include the Premier's and all ministers of both Austria and Hungary. Reports through Vienna say that the Montenegrins are preparing Scutari for a siege.

TROOPS LAND AT GUAYMAS. Nogales, Ariz., May 1.—Between 1500 and 2,000 soldiers were landed at Guaymas from transports to day. This, it is believed, insures the port from capture by the constitutionalists. State troops at Empalme, showed great activity tonight, preparing either to resist an attack from the reinforcements arriving at Guaymas or to retreat toward Hermosillo.

TRIPLE TRAGEDY. Kirksville, Mo., May 1.—Noah Stroup was shot and killed and Everett Skinner fatally wounded late today by Wallace Demorey, who then killed himself at Danforth, eight miles west of here. The affair was the result of a quarrel over a strip of land to which both Demorey and Stroup claimed ownership.

NEW LIGHT COMBINE. Peoria, Ill., May 1.—A \$7500,000 corporation, the Central Illinois Light company, today took over the property and holdings of the Peoria Gas and Electric company, together with nineteen other light and power companies surrounding Peoria. The Peoria plant will be equipped to supply light and power to a score of cities included in the new combined.

Drums in the Making. The process of making drums reveals the same minute division of labor that is shown in all modern manufacturing. How minute this is may be shown by the fact that a single workman is able to turn out more than 2,000 pieces a day of some of the parts. The making of the heads is an interesting process. The sheepskins arrive in a partially dressed state and are at once scraped and dried. The wooden barrel of the drum is made by a machine, which takes a log of wood and peels from it, somewhat as a skin is peeled from an apple.—The Trail of the Bulldog.

The Cure. "In love with that penniless young scamp, are you?" said old Roxley. "Well, I propose to cure you of that." "You can't," retorted the willful young girl. "I'm determined to marry him." "That's it exactly. I propose to let you do it."—Exchange.

A Movable Feature. "You have your father's eyes, girlie." "Aw, go on!" "And your mother's hair." "Sh! If mother hears you she'll make me take it off."—Pittsburgh Post.

Joy. He—How did you enjoy the sermon? She—Oh, ever so much! I had on a new hat and gown, and I sat just in front of that horrid Miss Briggs.

That They Are. Oliver—Men are more valuable than women. Olivet—What nonsense! Oliver—It's a fact. Every man has his price, but brides are given away.

Where Descent Counts. Blobs—A person is an idiot to bother about his descent. Don't you think so? Hoggs—Yes, unless he happens to be an aviator.

BRADLEY WILL BE OPPONENT SATURDAY

Peoria Schools Will Send Nine To Compete Against Illinois College

Illinois college will play their second game of the season Saturday afternoon at 3 o'clock when they meet the nine representing the Bradley Polytechnic Institute of Peoria. Not much is known of the strength of the Bradley bunch except that some two weeks ago they defeated Eureka by a score of 15 to 3. Herron their twirler, was the star center of their basketball team the past season. They were to have played Wesleyan yesterday but for some reason the contest did not come off. Bradley is scheduled to play Millikin to day and come here Saturday.

Since that last game with Shurtliff, Coach Harmon has been shifting his men. Stewart goes from short stop to center field and his place is taken by Jaccard who has been playing third. Widenham supplants Jaccard at third, and Dickson, who has been out of the game on account of a wrenched knee will go to right field, Widenham's old place.

Either Tandy or Wheeler will do the twirling for Illinois and the other places will be filled as follows: Catcher, Darragh, (Capt); First base, Atchison; second base, Furr; left field, Apple.

See the baseball game Sat. Bradley vs. Illinois. Game at 3 p. m.

To The Young Expectant Mother

Women of Experience Advise the Use of Mother's Friend.

There is a certain degree of trepidation in the minds of most women in regard to the subject of motherhood. The longing to

process is often contradicted by the inherent fear of a period of distress.

But there need be no such dread in view of the fact that we have a most noble remedy in what is known as Mother's Friend. This is an external application that has a wonderful influence and control over the muscular tissues of the abdomen. By its daily use the muscles, cords, tendons and ligaments all gently expand without the slightest strain; there is no pain, no nausea, no nervousness; what was dreaded as a severe physical ordeal becomes a calm, serene, joyful anticipation that has its impress such as our foremost teachers of Eugenics are striving to drill into the minds of the present generation.

In almost every community there are women who have used Mother's Friend, and they are the ones that recovered quickly, conserved their health and strength to thus preside over families destined by every rule of physiology and the history of successful men and women to repeat the story of greater achievement.

Mother's Friend is prepared after the formula of a noted family doctor by the Bradford Regulator Co., 135 Lamar Bldg., Atlanta, Ga.

Write them for their instructive book to expectant mothers. You will find Mother's Friend on sale by all drug stores at \$1.50 a bottle.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

Gave Him A New Stomach

"There are thousands of sufferers from stomach and liver troubles whom I wish I could meet and tell what Chamberlain's Stomach and Liver Tablets would do for them," writes H. M. Young, editor of the Sun, Lake View, Ohio. "One bottle of the tablets would end the trouble for most of them. I suffered intensely after eating and never felt well, and no treatment or medicine I tried ever seemed to do me any good until reading an advertisement for Chamberlain's Tablets in my own paper. I tried a bottle. The first few doses gave me surprising relief, and the second bottle seemed to give me a new stomach and perfect good health. I didn't think anything would give me such a complete cure. They are wonderful."

URGE OFFICIAL INSPECTION OF ALL SANITARIUMS

State Charities Commission Goes on Record For This Plan—Gives Reasons.

Official inspection by the state of all sanitariums, hospitals and institutions receiving sick for treatment is urged in the 1912 report of the state charities commission. The commission advances arguments for such inspection, having found throughout the state many of the private sanitariums are run purely for profit, that they are unsafe, improperly supervised and are charging enormous fees for indifferent service. It finds also recognized hospitals that are without night or resident physicians. Many of these conduct training schools for nurses and utilize for gain the students in the school. The commission says on this line:

"There can be little doubt such an institution conducted primarily and solely for pecuniary profit should come under state inspection. Many of those who are very worthy and are operated upon a high plane of efficiency with ample protection against the dangers of fire, with equipment that is modern, with well trained corps of nurses, and with strict observance of all laws and demands of ventilation and sanitation. These would not be injured by the most strict inspection and supervision the state might exercise. They would, we believe, welcome the state's seal of approval.

"But the sanitarium that is operating in a fire trap, that is short in equipment, whose nursing force is a farce, maintained more for the fees and the free services which may be secured from pupil nurses than for the benefit of patients, whose sanitation and ventilation is poor, whose diet is scanty and whose charges for an inferior service are exorbitant, of which kind there are many in Illinois; such as this should be under rigid control of the state in the full exercise of its powers to protect the health and general welfare of its citizens.

"Some of these so-called sanitariums are immensely profitable. Many of them are loosely administered. Not only should be compelled to incorporate under the state laws, but they should be required to open their doors to state inspection and recommendation. There should be penalties for failure to adopt those recommendations which are designed to bring their service up to a standard commensurate with the demands of health and the size of their fees.

"The general hospitals are usually free from these causes for criticism. Most of them are incorporated. Dependent upon the locality for their means of support, they naturally publish annual reports and conduct the financial affairs in a business-like manner. As a rule they occupy buildings that are comparatively safe from fire and free from defects in sanitation and ventilation. With many people interested in them, or reason of the general appeal to the community for help, they are open continuously and evils in management and administration creep in slowly.

"These institutions almost without exception would court inspection and recommendation. Where defects exist they exist largely because the eye has become accustomed to their sight and passes over them without receiving an impression. If attention were called to them by an outsider they would be readily removed."

PRICE OF ICE SOARING.
New York, May 1.—The new schedule by which the price of natural and artificial ice to consumers in Greater New York was raised from \$3.50, the price charged a month ago, to \$6 a ton, went into effect today to the dismay of large and small consumers alike. So far as natural ice is concerned the advance in price is explained by the alleged scarcity of this supply, due to the unusually mild winter, but no explanation has been given for the advance in the price of artificial ice, the manufacture of which is in no way influenced by meteorological and climatic conditions.

QUICK RELIEF FOR RHEUMATISM.
George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use the remedy and was cured rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

MAY DAY PARADE IN GOTHAM.
New York, May 1.—May Day was observed in the metropolis today by the customary parade of the Socialist organizations and various East End trades unions. The parade started from Rutgers square in the early afternoon and proceeded through Broadway and several other prominent downtown thoroughfares. Many of the trades were represented by men wearing distinctive uniforms. A feature of the bakers' division that attracted much attention was a wagon bearing a loaf of bread baked from three barrels of flour and a cake of like dimensions.

TITHING FOR THE CHURCH.

People of Centenary Are Joining in Old But New Plan of Giving—Rules Announced.

Down at Centenary church as before mentioned the pastor, Rev. G. W. Flagg, has inaugurated the plan of tithing. He recently asked all members of the church willing to join in the movement and to pledge to give one-tenth of their incomes to the church to signify such willingness. A number of the members of the church have already joined the Tithers' club. It is agreed that the tenth they give will cover all the regular and special contributions asked from them and that nothing further will be expected. According to the plan outlined no one would be giving as each contributor would give in accordance with his promise without any name. Rev. Mr. Flagg has followed this plan successfully in other pastorates and believes that it is the proper way to take care of church finances. In announcing the plan the pastor set forth the following rules:

"Believing the giving of the 'Tenth, Tithing,' is the Bible's ideal for Christian giving, the official board of Centenary M. E. church establishes a 'Tithers List,' and urges all who can to become signers of the same. The following regulations will govern signers and officials:

1. Each signer shall pay the whole tenth into the treasury of Centenary M. E. church.
2. Each signer shall decide for himself, or herself, what constitutes a 'tenth.'
3. Each signer shall be provided with envelopes bearing only the words, 'The Lord's Account,' thus avoiding disclosing incomes.
4. The officials ask no signer for contributions for any object; and a copy of the list, with request that the same rule be observed, will be given each organization in the church.
5. Thirty days after the first presentation of the list for signatures, at a meeting of the signers, the total of their obligations payable out of their 'tenth' will be taken without disclosing the identity of the pledges. That total will be paid out of the receipts from envelopes marked 'The Lord's Account.'
6. Obligation ceases with the conference year. For those who like the plan a new list will be ready next conference year.

AFTER COUGHING MONTHS
Brooklyn, N. Y., Woman Found Relief in Vinol.
Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose of 87 Newell street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully three months, and felt tired all the time because my rest was broken. The effect of taking your cod liver and iron remedy Vinol is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way."

It is the combined action of the medicinal elements cods' liver aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Lee P. Alcott, druggist, Jacksonville Ill.

INTERSTATE LEAGUES OPENS.

Columbus, Ohio, May 1.—This was the opening day of the season in the Interstate Baseball league, a practically new organization in the territory formerly occupied by the eastern end of the old Central league. The circuit comprises six of the old Central league cities, namely, Akron, Zanesville, Youngstown, Canton, Erie and Wheeling. The addition of Columbus and Steubenville gives the organization an eight-hole course. The Columbus team will play on the American association grounds when the A. A. team is away from home, which will give the city continuous baseball through the season.

The managers engaged to pilot the Interstate clubs are: Akron, John Siegel, formerly of the Cincinnati Reds; Zanesville, Marty Hogan; Youngstown, Charley Blout; Canton, Bude Meyers; Erie, Larry Quinlan; Wheeling, J. Robinson; Columbus, Lee Fohl, and Steubenville, Roy Montgomery.

Several of the cities in the league were hard hit by the recent floods, but despite this fact all of the club owners believe that the outlook is bright for a successful season and an interesting race for the pennant. The season will close September 16.

ANNIVERSARY OF BATTLE OF MANILA.

Washington, May 1.—Today is the fifteenth anniversary of the momentous battle of Manila bay, that brilliant victory of the American fleet under Admiral, then only Commodore Dewey, which led to such far reaching changes in the policy of the United States. It was the beginning of the conflict between Spain and the United States, following the destruction of the battleship Maine in the harbor of Havana. When war was declared the American fleet under Commodore Dewey, which had been ordered away from Hong Kong by the British authorities, made a quick dash across the South China sea and headed straight for Manila, the most important port of the Philippine Islands. On the morning of May 1, 1898, just before dawn, the American fleet, under cover of the darkness and regardless of the mines in the channel, steamed into the inner harbor and at sunrise opened fire upon the Spanish fleet, completely destroying every one of the enemy's ships without the loss of a single man on the American side. The Spanish fleet suffered the loss of more than 400 officers and men killed or wounded.

MISSISSIPPI TEACHERS.

Hattiesburg, Miss., May 1.—Mississippi school teachers took Hattiesburg by storm today and practically every accommodation in the city is taxed to provide places for these. The occasion is the 28th annual convention of their state association. The program of the gathering covers three days and provides for addresses by State Superintendent Blair of Illinois, State Superintendent Schaefer of Pennsylvania and several other educators of national reputation.

TO ENFORCE LIQUOR LAW.

Kansas Supreme Court Asked For a Writ Against Express Companies.

Topeka, Kan., May 1.—Application for a writ of mandamus to compel express companies and individuals engaged in interstate commerce affecting Kansas to observe the provisions of the Mahin liquor law, passed by the state as an aid to the enforcement of the Webb federal law, was filed in the supreme court by State Attorney General Dawson today. The Mahin law, which went into effect today, provides that all common carriers conveying liquors into Kansas must take from the consignee a receipt showing that the shipment is for personal use. Attorney General Dawson demands that the defendants in the case be compelled to include in receipts exacted the affirmation that the consignee is of lawful age.

In his petition the attorney general urges that none of the defendant companies have made any effort to comply with the provisions of the Mahin law. The Wells Fargo, United States, American and Mike Kirmayer and Harry Rabinowitz of Leavenworth are made defendants in the suit.

NATURE SHARES

The "Sticker" from Grief. What a fortunate provision of nature it is that deprives the soul of mental suffering, for how poignant would be its grief to discover, in the height of its blinding glory, that a canker had at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 16c in stamps for sample to The Herpicide Co., Detroit, Mich. TWO SIZES—50c. and \$1.00 For Sale at all Drug Stores.

SPORT SECTION

ON THE SIDE LINES.

From the "Side Lines" we extend the glad hand to the young athletes who take possession of our fair city to day. This is their day and we wish them one grand time. Athletics is the hope of our nation. It takes grit to win in these games just as it does to win in any game and the training necessary to participation in the contests is what makes for better men. We wish for them all a fair day overhead and under foot, record breaking contests and the best team to win. Welcome boys and girls, one and all.

Lefty Morgebridge, released by the Sox to Minneapolis is making good. He has pitched in but one game but that was enough to show that he is all to the good in the Western team. He'll probably get another trial with Callahan's Sox next year.

Jack Sheridan, for twenty years, the king of umpires, may get back into the harness as a member of the Pacific Coast League staff. He is chaffing at being idle and as the work in the minor leagues is not so strenuous he has concluded that it is better to work out than to rust out. Sensible man, Jack.

Eddie Herr, once manager of the Hannibal team, has given up the management of the Clarksdale, Miss., team. His club got off to a poor start and he got tired of the knocking and quit.

Fanning, the Murrayville pitcher, is with San Francisco. He recently pitched a close and exciting game against Oakland and won. Bush was the umpire in the game in which Fanning officiated.

Meloan is hitting like a house afire. In a recent game with Sacramento he clouted the sphere for three, one of them a two bagger. In another he hit two three baggers. Hitting two baggers was Paul's long suit when a member of Berte's old team. Kreitz is with the same team, Venice.

Roy Moran is hitting well with Sacramento. He got two hits in the game in which Meloan got three.

Base ball is popular on the coast. Seventeen thousand fans attended the opening game at Portland.

Lofton, Jolly and Komers make up a strong hitting outfield for Springfield. Begins to look as if Frank Donnelly would make his promise to put a championship team in the Capital City.

Sounds natural to read of Dunn and Link winning for Ottumwa. That is about the oldest battery in point of continuous service in the Central League and was always an effective one.

Mr. Hy Jasper, is no longer the modest young fellow he was in his Central Association days. He struck out seventeen Bloomers in a row the other day and when the metropolitan press sat up and took notice Hy came along with the statement that he wasn't feeling particularly good that day and didn't do his best. Whereupon the Tribune implores Manager Evers to go after him at once. He is the most talked about pitcher in the country to day and even Walter Johnson is temporarily in eclipse. Let's wait and see what comes of it.

Hackett's team got another beating yesterday at the hands of the Senators. But it wasn't so bad. The Gems played good ball. It just happened that the luck broke against them. That's nothing new.

O'Brien was in good form yesterday which accounts for the Reds trouncing the Washingtons. Hughes is a peculiar fellow. One day he will pitch like the world's greatest and the next day go down before a tailender.

One reason for the Browns good showing is the star catching of young Agnew. He is considered second only to Ray Schalk. A good deal of the poor showing of the Browns for the last few years was due to joke catching.

Jimmy Clocotte is Callahan's leading pitcher. One year ago Boston figured that he was all in and let him go. Jake Stahl could use him right now with good results. By the way, it is probable that Stahl will have to remain out of the game most of the season. His legs are going back on him.

Decatur gave Prendergast the lambasting of his life. This twirler is Peoria's one best bet and usually pitches star ball. A finish like that is what makes base ball the greatest game on earth. And it's the best medicine that could be devised for tired out nervous wrecks like the majority of us.

Wesleyan and Illinois will hitch up tomorrow on the local diamond for their annual contest and it should be a good game. The Illinois bunch has been putting up some strenuous practice the last few days and should play a much improved game over the one with Shurtleff. Coach Harlow has made a batting cage and the boys were using it to good advantage yesterday afternoon. He had them hitting Tandy's curves and while George put just enough on the ball to make it worth while the batters got in some real swats. It has been a long time since so many men were out for the team and that helps the coach in producing a winner.

Report has it that Larry Doyle drew a fifty dollar fine for his run in with Empire Byron. McGraw himself tackled it on. It's Mac's law that if there is any kicking on de-

cisions to be done he will attempt to it himself.

Tinker got one game at last. Evers can afford to be generous for this once. But a game lost is a game lost, whether to friend or foe and counts in the records just the same.

Alexander proved his right to the title of the "Great". It was a truly remarkable game he pitched. The Phillies are picking up again after their disastrous slump. Capron who ran for Miller in the 7th, is the old Minnesota football star. It is said that he once played in the Kitty League with Charleston under the name of Kipp.

Pans have been asking what is a "Cincinnati base hit." Here is the explanation: It is the old "fielder's choice" and is now scored as a base hit. It gets its new name from the fact that Jack Ryder, a Cincinnati sport writer long contended that it should be scored as a hit. Here's an example of it: With runners on first and second the batsman hits to the pitcher or an infielder. Who makes a perfect attempt to retire the runner at second or third, but the runner beats the ball and the batsman reaches first, the batter gets credit for a base hit.

Johnson, the Indian is proving a star for Cincinnati. This is the man Callahan let go without a trial. Mordecai Brown in his family role of life saver must have looked natural to a Chicago crowd. But wonder how it look to see him against instead of for em? Cal could use Johnson to a mighty good advantage right now. The best of the managers make occasional mistakes. In this case it wasn't a mistake, it was a calamity.

TYRUS COBB IS FORMALLY REINSTATED AND FINED \$50

Commission Criticizes Tiger Star For His Action During Period He Was "Holding Out."

Chicago, May 1.—Ty Cobb was formally reinstated in organized baseball and fined \$50 by the National commission here today. A decision by the commission, given out in answer to the Detroit star's appeal for reinstatement, was practically a declaration of principles for in Cobb was criticised severely for his actions during the period he was "holding out." The Detroit club was commended for its recent stand and censured for its former passive policy regarding him, and notice was served on other clubs that in case of their failure to discipline players whose actions are "detrimental to the game" the commission will act itself.

JUDGE BARHORST DOES HIS DUTY TO RHEUMATIC SUFFERERS

If you suffer from Rheumatism and don't read this advice, then the terrible disease must have robbed you of your power to be fair to yourself. Read it:

"I, John Barhorst, Justice of the Peace of McLean Township, Ft. Laramie, Ohio, do certify that after treatment by three doctors without result, I have been cured of a very and case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy and I am still as well as ever. Previous to using RHEUMA I was a cripple, walking with crutches, and I feel it my duty to let other sufferers from Rheumatism know what it will do. The result seems almost miraculous to me. I have advised RHEUMA to at least a dozen persons, and each one speaks as highly of it as I. I will answer any one suffering from the disease if a two cent stamp is enclosed."—May 31, 1912.

You can secure a bottle of RHEUMA for only 50 cents at Coover & Shreve and if not as advertised, money back. It's just as good for Gout, Arthritis, Lumbago and Sciatica.

Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease, but **Gold Dust** washes them more thoroughly—and with little or no rubbing. **Gold Dust** saves half your time, and spares your poor back.

Another great advantage of **Gold Dust**—use any kind of water you like. **Gold Dust** softens the hardest water and makes it soft as rain water.

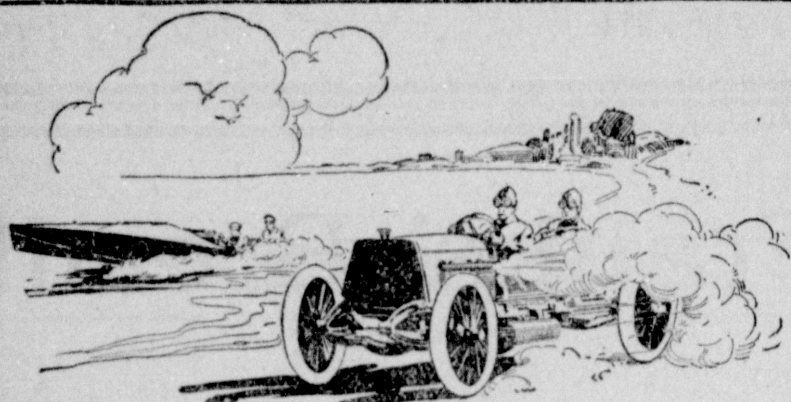

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

This Line is "Busy"

How the Keeley Treatment Cures

The Keeley remedies are reconstructive tonics which restore the nerve cells to a healthy condition. When this is done the "craving" disappears, because, like a cough, it is merely a symptom of a disease and not the disease itself. The treatment is absolutely non-injurious and causes no sickness. There is no confinement of patients. The general health improves from the first day.

Result of the Keeley Treatment

It frees the patients, absolutely, from all craving, appetite and necessity for alcoholic stimulants. The man is also vastly improved mentally, physically and morally. His head is clear, mind active, appetite and digestion good, eyes bright. His desire for drink is gone, he is disgusted with his former life, and filled with ambition to "make a fresh, clean start."

Write for Complete Information

Booklets and full information about the Keeley Institute and the Keeley Treatment sent sealed under plain cover. All communications strictly confidential.

Yes! Cure him! In the last 32 years 400,000 men have been cured of the disease of drink by the Keeley Institute.

Drunkenness Is a Disease

The man who drinks to excess is to be pitied and helped—not abused.

Abuse will not cure a man of typhoid fever, or smallpox, or brain fever. Neither will it cure him of the liquor habit, which is a disease of the nerve cells requiring special treatment.

Dr. Keeley's definition of drunkenness is now universally recognized as absolutely correct. He says:

"It is a condition wherein the nerve cells have become so accustomed to performing their duties and functions under the influence of alcohol that they will no longer perform those duties and functions properly and painlessly except when under its influence."

There is little or no hope that, unaided, an inebriate can or will stop drinking of his own accord or by the exercise of his own enfeebled will power.

We also cure Opium, Morphine and other drug addictions. The drug is withdrawn gradually and there is no shock, collapse, prostration or sickness. Full particulars in plain, sealed envelope on request.

Home remedies are prepared and sold by us for the cure of the Tobacco Habit and many forms of nervous troubles. Send for printed matter today.

We have a Chicago office, Suite 906 Rector Building, 79 West Monroe Street, where arrangements may be made.

Do You Eat Ideal Bread?

OR JUST BREAD?

We are baking a 10c loaf that will "hold its own" in any company. You will appreciate the thick, rich brown crust which is so much strived for in baking, and the flaky white crumb is the unquestionable proof of a perfect loaf of bread.

Ask for Old English Bread,
10c a Loaf.

IDEAL BAKERY

550 DEGREES

This is the temperature that bursts in your face every time you stop to see if your bread is done. Bending over the oven spoils your complexion, your health and temper.

Buy Butternut Bread

and keep away from those stifling blasts which greet you often during the hour that your bread is in the oven.

Butter Nut Bread not only saves this wear and tear, but it gives the family uniform, pure, delicious bread, as clean as if fairly made no human hands to touch it. Accept no substitutes. A large loaf for .05.

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-
posit. It was a very strong recom-
mendation, indicating character and
persistence, which finally secured for
him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS
STOCK MARKET SHOWS
OUTBURST OF STRENGTH
**CHANGE RADICALLY ALTERS AP-
PEARANCE OF THE MARKET.**
Movement Was Broad and Vigorous
on the Upturn—Demand Was
Keenest for the Speculative Fa-
vorites—Foreign Advances Cause
Change in Market.
(By Associated Press)
New York, May 1.—An outburst
of strength such as had not been
shown for several weeks radically al-
tered the appearance of the stock
market today, after a long period of
hesitation and declining prices. Such
market leaders as Reading, Union
Pacific and Steel and Amalgamated
rose 2 to 3 points. Canadian Pacific
scored a sixth point advance. The
market was broad and vigorous on
the upturn and while the demand
was keenest for the speculative fa-
vorites, all classes of stocks benefi-
ted by the movement. The reason
commonly ascribed for the change
was the decidedly hopeful tone of
cable and advices following the con-
ference of ambassadors in London.
It probably is true, however, that
the technical condition of the mar-
ket was largely responsible for the
extent of the movement. Selling had
gone on so long that the short ac-
count apparently was inflated to an
abnormal degree.
When the turn in the market came
bear traders were compelled to cover
heavily, bidding against each other
for stocks and running up prices on
themselves.
The upward tendency of the lead-
ers was held in check during the
early part of the day by renewed
liquidation of the recent weak fea-
tures. More than thirty new low
records for the year were made dur-
ing the morning.
In the list were New Haven which
dropped 3 1/2 to 10 1/2, Baltimore &
Ohio, New York Central and Illinois
Central.
While this movement was in progress
the market was unsettled, some
stocks moving back and forth with
violence.

A Staple Medicine for All Families

From Infancy to Old Age a Reliable Family Laxative is Most Needed—Try This One.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy could relieve the congestion and replace distress with comfort. Mothers give it to tiny infants, and little children, and grown people take it with equal good effect.

Thousands of good American homes are never without it, among them the home of Dr. Geo. T. Hull, proprietor Hull Drug Co., Prue, Oklahoma. Dr. Hull has for a number of years recommended Dr. Caldwell's Syrup Pepsin in his practice and writes that "for stomach and bowel disorders, worms in children and a general laxative-remedy it has no equal." Syrup Pepsin saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of

DR. GEO. T. HULL.

the family, however young or old, for it contains nothing injurious to the youngest person.

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives generally as they are too great a shock to any average system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

Flies a Menace to Health

We have learned that the bite of a mosquito may inoculate a person with yellow fever, malaria and other diseases, but the fly has had a clean bill of health, being regarded as a harmless nuisance.

Quite recently scientists have proved that the fly is responsible for the wide spread of many diseases, and the Agricultural Department has issued a pamphlet on the subject.

No one can afford to leave his home unprotected against flies. No door nor window should be neglected to insure protection against these disease-breeding and wrath-provoking insects. We can equip your home completely. The illustrations show only a part of our line.

When you have seen our stock and have learned our prices we shall be content.

COMING SATURDAY An Adventure on the Mexican Border

A Lubin Feature in Two Reels

SYNOPSIS

On the United States side of the line dividing Mexico from the United States, the U. S. soldiers ramped. Fifty yards on the other side the Mexican soldiers were camped. One of the bright-eyed Senoritas captivates two officers, one a captain of her own nationality, the other a lieutenant belonging to Uncle Sam. The captain of the Mexican troops being the older of the two, wins the maid by his quiet love and kindness. The irrepressible impassionate U. S. trooper tries to take the Senorita's heart by storm, but is repelled. On the spur of the moment, to punish his rival, the U. S. lieutenant tells a falsehood to his officer, and nearly causes international complications, but after coolly analysing the situation, the lieutenant rises above all petty personal and delivers the captain from jail—returns him to his fiancée across the line and goes back to his place and awaits his punishment.

GREAT PREPARATIONS BEING MADE FOR G. A. R. ENCAMPMENT

Col. John Snyder of Canton Has Strong Endorsements For Post of Commander.

The forty-seventh annual encampment of the Illinois Grand Army of the Republic will be held in Alton, beginning Tuesday, May 20, and continuing until Thursday night following. The delegates from Matt Starr post will be C. Riggs Taylor and Dr. A. T. Bartlett.

James P. Pack, commander of Alton post 441, and John D. McAdams, chairman of the citizens' committee, have sent a circular letter to the various posts in the state extending to the comrades a most cordial invitation to attend the encampment, and assurance is given that elaborate preparations are being made for the care and comfort of visiting comrades on their arrival.

Col. John M. Snyder, who is a resident of Canton, Ill., and is the commander of Joe Hooker post No. 69 in that city, is a candidate for the office of department commander, who is to be elected at the coming encampment. Col. Snyder has the endorsement of a number of posts which have instructed their delegates to use all honorable means for his election to the position. Among those who have so instructed are Joe Hooker post No. 69 of Canton, Joliet post No. 6, Lockport post No. 401 and Matt Starr post No. 378, Jacksonville.

Col. Snyder lived in Jacksonville when the civil war began and it was here that he enlisted in the army. He was quartermaster of the Sixth Illinois (Gen. B. H. Grierson's) cavalry, and afterwards of the 101 Ill. Inf. In 1864 he was aid-de-camp with the rank of major to War Governor Richard Yates and in 1865, military secretary of Governor Richard Oglesby with the rank of colonel. Col. Snyder organized the department of Minnesota. He then went to Chicago and gave the order its first start in that city in the organizing the first post in the city, Nos. 26 and 27.

Having been thus prominently identified with the inception and organization of the order it is deemed fitting that the honor of the position of commander be conferred upon Col. Snyder at the coming election and the gentleman himself would highly appreciate the compliment from the comrades.

BUSINESS MEN SEE THEIR HOME CITY

AUTO ITINERARY RAN THROUGH ALL WARDS.

Various Points of Interest Were Visited and Travelers Got New Viewpoint—Helped With the Get Together Spirit.

Altogether for a busier Jacksonville. Jacksonville the only place to live. Jacksonville leads as trading point and an educational center. Jacksonville the Athens of the West. Jacksonville excels in textile and cigar industries. Come to Jacksonville awake to your opportunities and your own.

The slogans quoted above were emblazoned on banners carried yesterday by the autos which were used for the "Seeing Jacksonville" trip planned by the Chamber of Commerce and which proved a very successful event. There were nine auto loads of citizens who took the journey and for many of them the places visited were entirely new. The itinerary carried the travelers into all four wards and into South Jacksonville. Stops were made at the playgrounds in the first ward, at Nichols park, at the plant of the Jacksonville Tile and Brick company on Henry street, at the vacant lot corner of Woodland Place and Mound avenue, the public library and the vacant lot adjoining the Courier building on West Morgan street. It was the intention to visit still other points of interest but the start was made fifteen minutes late and it was deemed best not to prolong the trip beyond 4 o'clock.

At the public library several citizens served with Miss Welber in receiving the visitors and showing them through the various departments and Dr. Post spoke very briefly of the purposes and aims of the library. There were a number in the party who had never before been inside the building. Out at the playgrounds it was suggested that the addition of flag poles would be desirable. At Nichols park the possibilities for golf links were discussed and when the stops were made at the vacant lots landscape gardening was the theme.

Altogether the trip was valuable in bringing fifty men together in causing a closer acquaintance with various features in Jacksonville and still further in strengthening the interest in the commercial organization of Jacksonville. The idea which "Seeing Jacksonville" represents is excellent.

A number of other cars besides those used by the travelers were offered Secretary Fritchey, but they were not needed. The cars and their occupants were as follows, the owner of each, save in one instance, being named first:

Car No. 1—F. J. Andrew, Mayor Davis, Lee P. Alcott, Paul Fritchey, Oliver Spaulding and George Vasconcellos.

Car No. 2—John Vieira, J. F. Brennan, H. J. Rodgers, George P. Davis, W. O. Swales.

New Method Gas Stoves Are Different. Why?

First—They are more satisfactory to the user on account of consuming 20 to 40 per cent less gas, and the many patented improvements which they have make them do better baking, broiling and toasting, easier to operate and to take care of.

Second—When properly installed complaints of burners choking, imperfect cooking, valve handles coming off, oven bottoms warping, oven doors falling and breaking, explosions in ovens, and parts rusting out are never heard of from the users.

MEN'S BIBLE CLASSES LOSE IN MEMBERSHIP CONTEST WITH WOMEN

Women's Organization of Both Grace and Centenary M. E. Churches Entertained at Supper.

Women's Bible classes of both Grace and Centenary Methodist Episcopal churches were banqueted Thursday evening at the Men's organizations of the churches, as the result of the ladies defeating them in membership contests.

At Grace church a contest had been in progress for the past quarter between the Palestine Bible class, taught by S. R. Capps, and the Marys and Marthas, taught by Mrs. R. S. Nelson, with the result that the men were defeated, and according to arrangements the losers banqueted the winners Thursday evening. There were about seventy-five in attendance and an elaborate supper was served by the Queen Esther Society of the church, after which S. O. Shuff, president of the men's class, presided as toastmaster and a number of good talks were heard. S. R. Capps, gave the address of welcome for the men and the response was given by Mrs. R. S. Nelson. Miss Sue Fox favored the company with a reading: "How Moses Counted the Eggs", which was highly appreciated. Among those who gave toasts were: Mrs. Charles Hopper, Rev. J. W. Miller, Mrs. J. J. Reeve, Dr. E. L. Crouch, Dr. H. L. Griswold, Thomas S. Yates, Charles Hopper, William McCullough, Henry Pinkerton, A. J. Ogram and Frank Cogswell.

The ladies more than doubled the membership of their class by the contest, and while the men did not do so well they increased their membership by a large number. They were not undaunted by their defeat and challenged the women for another contest.

Banquet at Centenary.
At Centenary church the men gave a banquet for the women, it being the result of losing a membership contest. The banquet room was very prettily decorated for the occasion and there were about one hundred twenty five present. An excellent menu was served by the Young Women's Foreign Missionary Society under the direction of Miss Winnie Wackerle, after which a number of talks were heard and a social time enjoyed. Mrs. T. H. Rapp is teachers of the Women's class and E. G. Saye of the men's class.

Parsons.
Mrs. James A. Parsons and Mrs. Harrison King have received information of the death of the late Mr. Parsons' mother, Mrs. Mary Parsons, at Derry Village, New Hampshire. Mrs. Parsons was 87 years of age and practically all of her long and beautiful life had been spent in New England. A number of Jacksonville people will remember with pleasure meeting Mrs. Parsons and her husband, Rev. B. F. Parsons, here in Jacksonville in 1893 when they came west to attend the world's fair and to visit their son.

Lee.
Funeral services for Florence Lee, the eight month old daughter of Mr. and Mrs. William E. Lee were held Thursday afternoon at 2:30 o'clock at the residence of her grandparents, Mr. and Mrs. Joseph C. Hart, 923 Beeley avenue, in charge of Rev. G. W. Fagge, pastor of Centenary Methodist church. There was a large number of relatives and friends present and the flowers were in charge of Pearl Hart. Interment was made in Jacksonville cemetery.

Gurgstone.
Miss Blende Gurgstone, who has been a teacher at the State School for the Blind for two years, died Wednesday at her home in Shirland, Illinois, from tuberculosis. Last Christmas she was forced to go home suffering greatly from bronchitis and later tuberculosis developed. She was a young woman 22 years of age, with many accomplishments and had many friends in Jacksonville who will learn of her death with much sorrow.

SUCCESSOR APPOINTED TO CAPTAIN SWALES

Governor Dunne has appointed James H. Hodges, of Fairfield to succeed Capt. J. M. Swales as custodian of Memorial hall of the state house. Mr. Hodges is color sergeant of the 124th Illinois Volunteer Infantry and is the holder of a war record which makes him a fitting successor to the twelve year occupant of the custodianship who has just retired. One flag which for many years has been in the Memorial hall bears bloodstains from a wound received by Mr. Hodges when a color bearer in the 124th Illinois at Fort Hill, Miss.

Mr. Hodges who has been a resident of Fairfield all his life was born May 13, 1845 and entered the army at the ages of 17 years, 3 months. He served throughout the war in the 124th Illinois Volunteer Infantry under Col. C. H. Howe. He left the army in 1865 while still under 21 years of age. He was in the hospital nine months from the wound at Fort Hill which left the stain on the flag in Memorial hall and bears a record of personal bravery from several of the more severe engagements of the war.

MANAGER OF SCOTT THEATRE INSTALLS SANITARY IMPROVEMENT

Device Forces Perfumed Chemical Mixture Over Room, Producing Odor of Flowers.

A device which serves the double purpose of a disinfectant and distributor of perfume is the latest thing in the way of up-to-date improvements installed by the manager of the Scott theatre, Tom S. Scott. The apparatus consists of a porcelain jar and atomizer which forces the perfumed chemical mixture over the room in a fine spray with such effect as to make one think himself in a flower garden or orchard in bloom.

This improvement was noticed by Mr. Scott in use at one of the larger moving picture theaters of Chicago. Being a man who has the health and convenience of his patrons and the improvement of his theater always in mind, he immediately looked up the manufacturers of the article with a view to installing one here. It is an invention which heretofore has not been in use in any city of the state outside of Chicago. Mr. Scott is to be congratulated on the installation of a device which will do away entirely with any aroma attendant on the congregation of large crowds. Ample opportunity was afforded yesterday for trying out the improvement, which turned out to the benefit under the auspices of the Hospital Aid society.

Jacksonville capital is extensively interested in the manufacture of the disinfectant which is made by the Universal Utilities company of Chicago. Henry Huntley a brother of Mrs. A. T. Capps of this city is secretary of the company. Peter Ranson, the local representative is a large stockholder.

MISS ELLA JEWELL RESIGNS POSITION

Miss Ella Jewell, a teacher at the State School for the Deaf, who has been a patient at Passavant hospital was able to leave the institution yesterday. She has resigned her position at the school and returned over the Burlington Thursday to her home in Minneapolis. She was accompanied by her aunt, Mrs. Field, who has been with her several days. Some weeks since Miss Jewell had an attack of rheumatism and her condition gradually grew worse until she was compelled to give up her position. She is recovering, however, in a gratifying manner. She expects to leave next year in Vancouver, B. C., where she has secured a lucrative position.

STATE MEETING OF U. C. T. TO BE HELD AT ALTON

Local Lodge Receives Partial Program For Big Gathering of Traveling Men.

The local lodge U. C. T. has received an outline of the program for the state meeting of the organization, which will be held this year at Alton, May 16 and 17.

The following is an outline of the program:
Reception to visiting ladies in parlors of Elks' club rooms.
Grand parade of Grand Council.
Moonlight excursion on Mississippi river.

Entertainment at Princess Theatre and Hippodrome.
Visit to Illinois Glass factory, the greatest hollow glass factory in the world.

Dress parade of cadets at Western Military Academy.
The Council of Alton is called the Bluff City Council No. 173 and through the secretary H. T. McCrea of the state organization the invitation says: "Historic Alton is ready to extend the glad hand of welcome to the Grand Commercial Army and with Bluff City Council hopes to greet you in goodly numbers. Come one and all and make the seventeenth annual session of our order, the greatest in our history."

The headquarters for the council will be at the Illinois hotel. The executive committee on arrangements is composed of G. H. Lane, A. A. Sotter, G. H. Giberson, R. P. Harris and George Goecken. Nine years ago the council met at Alton, so the members are anticipating a return visit to the city with much interest and profit.

Keep good health this summer by drinking Ripley Spring water. At Elmie's.

DR. McELFRESH WILL SPEAK AT GRACE CHURCH

Well Known Sunday School Worker To Be Heard Here May 12.

Jacksonville people who are interested in Sunday school work will have an opportunity to hear a speaker of wide reputation when Dr. Franklin McElfresh of Chicago will make an address at Grace M. E. church Monday evening at 7:30 o'clock. Through a providential move Dr. McElfresh is to visit Jacksonville at this time. He is to be one of the speakers at the State Sunday school convention which meets at Beardstown May 13 and 14 and as he had to stop off here to make train connections the night before the first day's sessions in Beardstown, the manager of the state association wrote a letter to Miss Flora Hall, secretary of the Morgan Co. association, relating the facts, and asking if his visit here would meet with approval.

Dr. McElfresh is Teacher Training Superintendent of the International Sunday School Association, and his work has taken him to all parts of the world. He has had considerable experience with Sunday school work of Illinois, Wisconsin, Minnesota and Colorado so that his message will be one of vital interest.

There will be no admittance fee and it is expected he will be greeted by an unusually large audience. He will be entertained at the home of Dr. and Mrs. J. W. Miller.

TO GIVE GRAND CONCERT SATURDAY

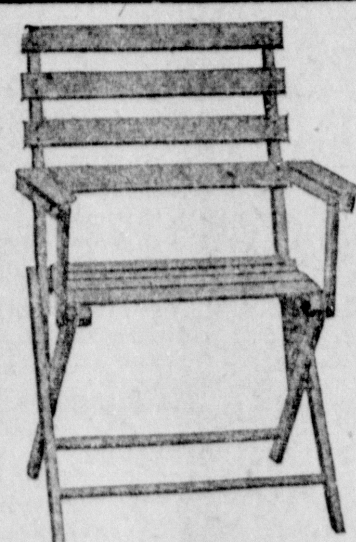

The grand concert to be given by the Woodson choral society, Saturday evening May 3, at Colton's hall, Woodson, is to be one of the strongest and most popular bills ever presented by this musical organization.
